Description

Description

The Client/User should have the ability to view a field of text that has the function to cancel upcoming meetings or reschedule. Client will be able to put in reason for cancelation for the DB, and will be given the prompt after cancelation to reschedule.

Acceptance

On the User web page a field of text/link should be present displaying 'upcoming meetings'. In upcoming meetings Client is given option to review, cancel, or reschedule upcoming meetings. When request to cancel DB must ask if client wishes to reschedule regardless if client only requested to cancel the upcoming meeting.

Validations

Edit function and requests must be processed through the database and confirmed.

NFR

Functions should be not longer then 3 seconds to be updated when made.

Client Meetings (AAF-2)

↳[AAF-4] Client meeting Created: 13/Feb/24 Updated: 13/Feb/24

Status:	To Do
Project:	Anna's Architectural Firm
Components:	None
Affects versions:	None
Fix versions:	None
Parent:	Client Meetings

Type:	Story	Priority:	Medium
Reporter:	Patric Dooley	Assignee:	Patric Dooley
Resolution:	Unresolved	Votes:	0
Labels:	None

Time Spent:	Not Specified		
Original estimate:	Not Specified		

Rank:	0|i00047:
Sprint:	

Description

Description

Client should be able to see fields/links where they can request meetings. Client also should be prompted via email about upcoming meeting after request was confirmed by the DB. When data and time of meeting occurs, if meeting was requested via video call meeting a link will be presented to the client to join in on the meeting.

Acceptance Criteria

A email sent to Client with clear text fields on time and date of requested meeting. User friendly 'request meeting' link easy to spot when brought to User web page. Meetings preference displayed within link and is required (video call, voice call, or in-person meeting).

Validations

Email must be sent after every confirmed request

Meeting type cannot be NULL

NFR

Client should receive email of confirmation withing 3(seconds) - 1(minute) of time of request/entry.

Client (AAF-1)

↳[AAF-3] Client Created: 13/Feb/24 Updated: 13/Feb/24
